

Symmetry™ Antimicrobial Foaming Hand Wash

Symmetry Antimicrobial Foaming Hand Wash contains 0.3% (PCMX) for the added benefit of germ killing including MRSA and CA-MRSA. It contains aloe and vitamin E in rich luxurious foam leaving hands refreshed - even with repeated use. Symmetry Antimicrobial Foaming Hand Wash has a mild fruity-floral fragrance. It is perfectly suited for healthcare, hospitality, food preparation, and schools.

One of the unique features of the Symmetry line is that the dispensers allow for liquid and foam soap. Whether you prefer using liquid or foam soap at your facility, it is as simple as changing a soap bag.

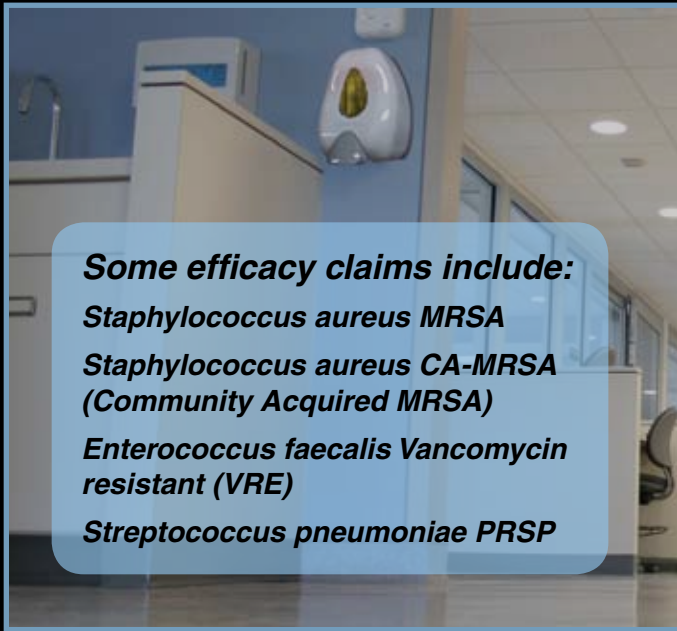

Symmetry Soaps are packaged in sealed, plastic containers that are contaminate-free and allow for 99% product evacuation. That means you won't be wasting money throwing away containers that aren't quite empty. When empty, simply swap it out with a new bag. There is no product waste!
