

Symmetry™ Foaming Hand Sanitizer

Symmetry Foaming Hand Sanitizer is a rich foaming, waterless hand sanitizer that eliminates 99.9% of common disease-causing organisms including MRSA and CA-MRSA. It contains 62% ethyl alcohol, aloe, and vitamin E leaving hands refreshed - even with repeated use. Symmetry Foaming Hand Sanitizer has a mild sweet fragrance with no sticky residue. No water or towels needed! It is ideal for healthcare, hospitality, retail facilities, and schools.

One of the unique features of the Symmetry line is that the dispensers allow for liquid and foam soap. Whether you prefer using liquid or foam soap at your facility, it is as simple as changing a soap bag.

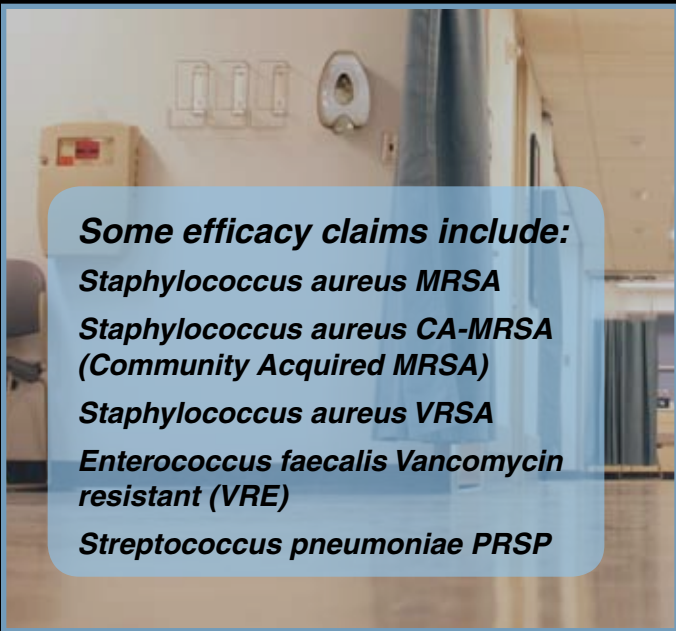

Symmetry Soaps are packaged in sealed, plastic containers that are contaminate-free and allow for 99% product evacuation. That means you won't be wasting money throwing away containers that aren't quite empty. When empty, simply swap it out with a new bag. There is no product waste!
